SUMMARY

Senior Multimedia Designer with 8+ years across mobile creator tools, product motion, and immersive experiences. I was the first on my team to build game templates with Effect House AI, and I work with R&D, PMs, and design leads to turn new tools into shipped creator templates.

SKILLS

Motion	UI motion, 2D/3D animation, storyboarding, visual storytelling
Interactive	Prototyping, AR/effects, creator templates, AI-assisted workflows
Production	Asset preparation, implementation review, iteration, cross-functional delivery
Tools	After Effects, Effect House, Figma, Premiere Pro, Photoshop, Illustrator, Cinema 4D, Blender

EXPERIENCE

TikTok • Senior Multimedia Designer

SAN FRANCISCO BAY AREA · JUN 2024 TO PRESENT

- Design motion, effects, and creator templates across TikTok's editing and effects products.
- Built four game templates with Effect House AI alongside R&D, PMs, and design leads; all four shipped, and the first three reached 10.4M+ video views in September 2026.
- Led creative development for the Spider-Man: Brand New Day video template, guiding an intern and preparing the package for final in-app assembly; 1.75M+ published videos by August 25, 2026.
- Finished three AI Graph Editor launch templates, which reached 311M+ video views by September 12, 2026. Rebuilt lyric motion with R&D and simplified the rules for matching effects to songs.
- Support teammates adopting new tools with our internal engineering support team, answering setup questions and sharing designers' implementation needs.

TikTok • Motion Designer

APR 2022 TO JUN 2024

- Created UI motion, 2D/3D animation, AR prototypes, and camera effects for TikTok creator products.
- Initiated Shadow Expression and defined its visual system and expression logic; it reached 3M+ posts worldwide by March 21, 2026.
- Started and co-hosted Effect House learning sessions with an interactive engineer: 19 sessions from January to August 2023, up to 44 attendees.

Bluecadet • Motion Designer

PHILADELPHIA, PA · MAY 2018 TO APR 2022

- Created motion for exhibits at Milton Hershey School, W.L. Gore, MLK Library D.C., and Peabody Essex Museum, including projection, touch feedback, and animated storytelling.
- Built VR previews, tuned projections on site, and prototyped web AR experiences with developers.
